DMS Wireless – Wireless Broadband Antenna Manufacturer

From backhaul to sector to customer premises applications, DMS Wireless offers to wireless broadband distributors and OEM companies quality antennas and installation products at economical prices. Choose from 700 MHz to 5700 MHz for grid, omni, yagi or sector antennas. With its commitment to excellent customer service and maintaining large inventory, DMS Wireless is the most reliable, affordable antenna supplier in today's wireless broadband industry, serving the USA domestic and international markets. DMS Wireless is secured financially and administrated by its parent company, DMS INTERNATIONAL, nationally recognized leader for supply of satellite products. <http://www.dmswireless.com>
